# EXPERIENCE

## 130 ANIMALS, 36 SPECIES AND 1 REMARKABLE DAY

Lombok Elephant Park has a professionally trained team that covers all the needs of the animals. We are using specific methods designed to preserve, care and train for every single unique animal in our park. Their wellbeing is our first priority. Hopefully, we can share this unique experience with you to make your visit unforgettable and one of a kind.

## Elephant Meet & Greet

Get up close and personal and experience the thrill of meeting face to face with these gentle creatures. For those lucky visitors, these meet and greet are happening at random because there is no fixed schedule so be sure not to miss out on this unique experience!

## Elephant Feeding

Join our experienced staffs' daily activity to feed the elephants. You will take part in feeding these gentle giants while learning about their daily diets but mostly through these interactions you will develop a unique bond between these gentle giants. And surprisingly each elephant has a unique way to attract your attention; from boisterous to calm and gentle to make your experience more memorable.

## Elephant Safari Ride

Take a relaxing 15 minutes ride in our lush park with these majestic creatures to appreciate nature and its surroundings. It is truly an unforgettable experience riding on an elephant, not only you will be accompanied by these gentle giants but in time you'll learn your elephant has their own personality. Ranging from playful, cheeky to sweet and kind. Each unique individual elephant ride will help you to experience the harmony of co-existence between people, nature and elephant.

*We are restricting the amount of people participating in elephant ride for the convenience and comfort of our elephants. This is a limited experience only.*

## Elephant Bath

See how elephants enjoy their daily bath routine and observe their natural reactions in the water. Some elephants are very playful and they may even get too excited and spray you with water!

Daily: 10.00 and 16.00.

## Elephant Education Show

Our dedicated staffs will put on a show for the audience to explain the daily routines and habits of elephants. What their diets consist of, how they interact with each other, their behaviors, habitats, unique personalities and other interesting fun facts.

## Photo with The Birds

Join us for another unique experience by taking pictures with our selection of exotic and charismatic birds! We have Bagong the Palm Cockatoo, Yacob the Cockatoo, Lauren the Eclectus parrot and many more. Each one of these birds is very comfortable around people and their presence will surely enrich your visit.

## Meet Valent Our Friendly Buddy!

Even though this is an elephant park, we also have other unique residence that takes a special place in our hearts. Tessy is one of our most popular residences amongst visitors and staffs.

Her gentle and easygoing nature makes her approachable with everyone. Share a photo session with her and you will find out why

Orangutan is considered one of the most charismatic creatures in the animal kingdom.

Daily: 11.00 - 12.00 and 15.00 - 16.00.

## Breakfast with The Elephant

How many times can you say, "I just had breakfast with elephants this morning", and actually did it? Well, this is one of those times when you actually can. We designate a special and safe place where you literally can sit next to elephants roaming freely around you while you're enjoying our fine breakfast selections. Get to know these elephants in a relaxed and intimate environment and start your day in an unforgettable way.

## Dining

Take a moment to observe and marvel at the wonder of rain forest while you take a break at our **Ivory Restaurant**. You can slowly feel relaxed and at peace with nature while enjoying our finest international standard menu or you can enjoy our delicious snacks and refreshing gelato at our **Tessy Cafe**. On top of that, you can also observe elephants idly walking by or relaxing from afar to compliment an already serene atmosphere.

A vibrant tropical jungle scene featuring numerous palm trees and dense green foliage. In the foreground, a small, clear stream flows through a sandy area. The background shows a bright blue sky peeking through the canopy. The overall atmosphere is peaceful and idyllic.

## Kids Jungle Playground

Need to wind down for a bit after experiencing our park but the kids are still a tad too energetic? Well, now you can supervise your kids in a safe environment while they are busy playing with our assorted swing sets, slides and climber playsets. This is a perfect trade off, while the parents are taking a break and the kids are playfully active in this idyllic environment.

## Gift Shop

Do take a piece of our park and bring home with you with these fine memorabilia. Our high quality and unique merchandise are exclusively designed for Lombok Elephant Park. We have a wide ranged of animal themed T-shirts, dolls, toys, arts & crafts, stationaries and many more for your likings.
