

Ile aux CERFS

LEISURE ISLAND
& GOLF CLUB

Just off the mainland lies a wild, beautiful island: Ile aux Cerfs. Reached only by boat or helicopter, the *Sunlife* island paradise is home to an 18-hole championship course, luxury Bubble Lodges to spend the night, three authentic restaurants, calm ocean waves perfect for water sports, and glistening white sand beaches to while away a day under the sun.

RESTAURANTS & BARS

The island of Ile aux Cerfs offers a choice of two beachside restaurants located on the northern half of the island where you can enjoy fresh seafood, hearty pizzas, burgers and salads as well as traditional Mauritian and Asian specialities. Further south at the Ile aux Cerfs Golf Club, the Langer's Bar & Grill offers a fantastic dining experience with a view on the 18th hole.

SANDS GRILL & BAR

Sands Grill provides a delightful outdoor dining experience, offering a variety of grilled, fried, or steamed local fish and seafood, as well as authentic Creole Mauritian cuisine and traditional pizzas. Meanwhile, at Sands Bar, guests can indulge in renowned Mauritian rum cocktails and firewood-oven pizzas, light snacks, and local gajaks. Beach service is available for those relaxing on sun loungers, ensuring a convenient and enjoyable dining experience by the shore.

LA FLIBUSTE BEACH

Situated on the Southeast of the island Ile aux Cerfs, right next to our golf course, is our exclusive beach where a quiet and peaceful atmosphere prevails. This magnificent white sand beach is dressed with trendy sunbeds and beach kiosks where guests can enjoy succulent seafood, burgers, and steak and make the most of the beach butler service.

BUBBLE LODGE

Set on the picturesque island of Ile aux Cerfs, our Bubble Lodges offer a unique experience amidst lush surroundings. Our four eco-friendly Bubble Lodges feature a queen-size bed, air conditioning and a private outdoor bathroom. Decorated in earthy tones, the transparent lodges offer scenic views of the golf course and the starlit sky, without disturbing the flora and fauna.

THE GOLF COURSE

The championship golf course went through major changes since 2013 to ensure a greater experience in terms of playability and spectacular views; water is an essential feature of the golf course. Most holes have views of the ocean – some with glimpses across clearings through the trees; others by coming close to the shore. It has been recognised as the no. 1 golf course in Mauritius, and a once in a lifetime 'must-play' by Golf World.

SIGNATURE GOLF COURSE

Bernhard Langer is one of Europe's all-time great champions and held the highest regard throughout the game. His playing triumphs include Majors at the US Masters, Augusta, where he has twice been a winner of the Green Jacket. He was the non-playing captain of the victorious European Team at the 2004 Ryder Cup at Oakland Hills. Langer has won 3 PGA Tour events and 58 international titles in all, including a 4th victory at the Senior Open and 11th Senior Major. In 2002, he was honoured with his induction into the World Golf Hall of Fame.

19-HOLES, PAR-72 CHAMPIONSHIP GOLF COURSE

Ile aux Cerfs Golf Club offers four sets of tee decks for each hole, so the angles of attack and approach vary. There is a generous provision for a fairway where appropriate. Most of the greens overlook a superb view of the turquoise lagoon, requiring truly exciting approach shots.

COURSE FACILITIES

Langer's Bar & Grill

Langer's Bar & Grill offers varied cuisine, ranging from Mauritian specialities to international dishes creatively put together by its chefs. You can sample fish, seafood, meat, vegetables, and tasty salads, indeed, whatever you fancy or for food enthusiasts - our famous "Sydney's Burger".

Golfers Beach

This magnificent white sand beach is dressed in trendy sunbeds and beach parasols where you can enjoy succulent fresh seafood and mix grilled lunch together with a personalised beach butler service.

On-Course Refreshments

A refreshment cart service is available on the golf course with an on-course special menu available all day.

Golf Carts

Golf carts are equipped with Visage GPS, USB charging facilities and own cooler boxes.

Locker Rooms

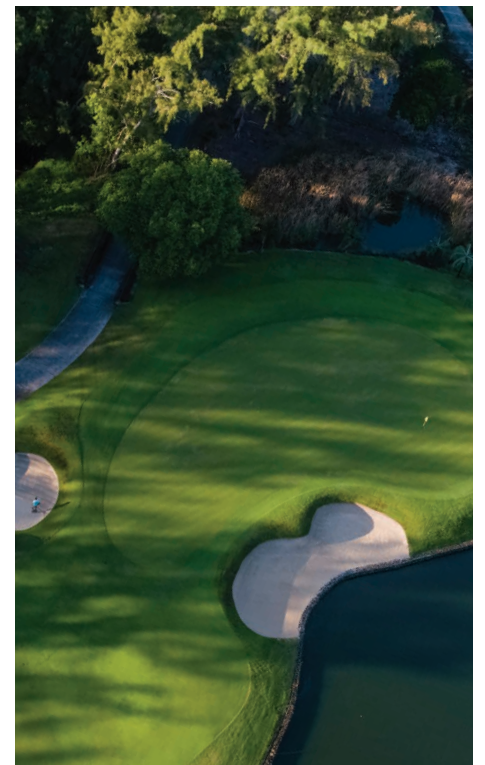

Well-equipped Men's and Ladies' locker rooms with changing and shower facilities.

Bag Storage

Bag storage space is available for members, visitors, and guests.

Clubs and Shoe Rental

Men's & ladies' clubs for right and left-handed players. All sizes of shoes are available. For children under 12, training shoes are authorised.

TEES

Each hole has a minimum of 4 Tee decks: Langer Tees, Championship Tees, Tournament Tees, and Forward Tees.

COURSE LENGTHS

Langer Tees 7,115 yds/6,469 m
Championship Tees 6576 yds/5,979 m
Tournament Tees 5,992 yds/5,448 m
Forward Tees 5,054 yds/4,595 m

DRIVING RANGE

100% grass cut at fairway height with target greens, putting greens, chipping, and bunker area. Premium range balls.

WEATHER

The island has an equable climate, with an average temperature of 30 degrees Celsius in the summer and 24 degrees Celsius in the winter.

TRANSPORT

Ile aux Cerfs Golf Club is accessible by either the exclusive boat shuttles from its private Pointe Maurice jetty or by a scenic helicopter trip. The boat departs at 20-minute intervals.

ILE AUX CERFS GOLF ACADEMY

Ile aux Cerfs Golf Academy is dedicated to creating outstanding golf learning experiences. Golf is one of the most enjoyable and fulfilling sports, but it is one of the most challenging to learn and master on your own without appropriate help and guidance (upon request and subject to availability).

JUNIOR

Children up to 16 years old enjoy free green fees including range balls and trolleys.

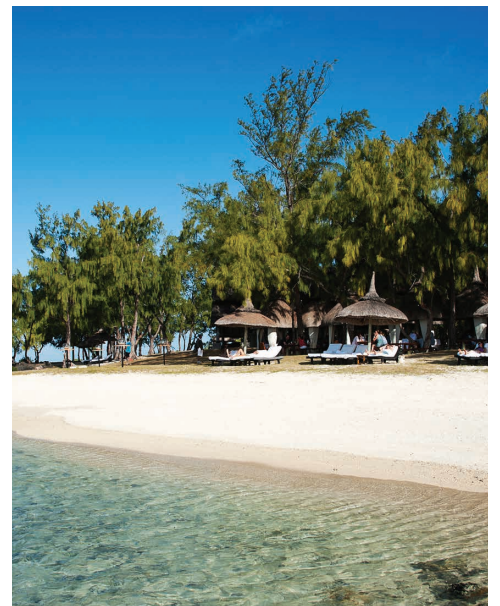

FINEST ACADEMY FACILITIES

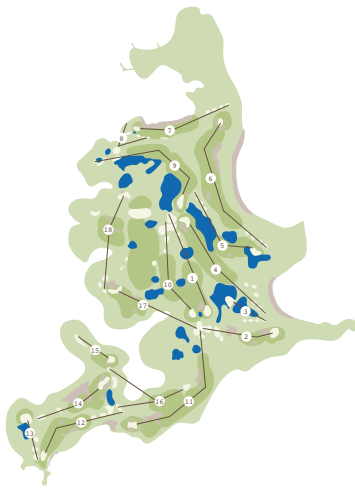

The Golf Academy Studio and Practice Facility at Ile aux Cerfs Golf Club offer the finest outdoor and indoor academy facilities with a state-of-the-art, air-conditioned learning studio featuring innovative golf-training technology. Reserve our professional facilities and programmes especially designed to improve your golf and make the game more enjoyable!

THE GOLF ACADEMY INCLUDES

- Instruction on all aspects of the game
- Video & computer analysis of your swing
- Premium Range balls
- Instruction on practice techniques
- Cold towels & water during programs
- Instruction on course management
- Loan of the latest Premium branded golf club
- Dedicated and passionate qualified instructors

HOLE BY HOLE DESCRIPTION

Hole 1 Lava Rock

425 yards/389 metres Par 4
A good tee shot must carry a natural pond and volcanic lava rock face. The second shot should be aimed at the left-hand side of the generous green, sloping towards the guarding bunkers.

Hole 2 Wee View

360 yards/329 metres Par 4
A birdie opportunity for most golfers – with a good tee shot required and a precise second shot to a small and undulating green perched above the level of the fairway.

Hole 3 Wet and Volcanic

182 yards/166 metres Par 3
The prevailing wind at the golfers' back makes this hole play a little shorter than it looks, another good opportunity to make a birdie.

Hole 4 Split Decision

566 yards/518 metres Par 5
A real birdie or eagle chance for most players. A good tee shot followed by an accurate second shot will bring you near the green on the fairway, which is split in the middle by a left-to-right downslope. You will be left with a short approach to the green.

Hole 5 Tidal Pool

390 yards/357 metres Par 4
After a tee shot towards the

right side of the fairway, the second shot here is key to a good score as the green is guarded by one of the prettiest tidal pools on Ile aux Cerfs.

Hole 6 Beach

657 yards/601 metres Par 5
The longest Par 5 in Mauritius plays along the full length of the spectacular beach. The tee is towards the right side of the fairway, which sweeps around the dogleg towards the generous sloping green facing the lagoon.

Hole 7 Mangrove

432 yards/395 metres Par 4
An accurate tee shot is required on this left-to-right dogleg hole to be positioned ideally for your approach shot. The tides slip in and out of the playing areas on the second shot and near the green.

Hole 8 Mangrove Walk

143 yards/130 metres Par 3
This little gem offers a short and exciting tee shot. The elevated green is perched high above a nice tidal pool surrounded by mangrove trees and volcanic lava outcrops.

Hole 9 Welcome Home

562 yards/514 metres Par 5
This original dogleg right is played across a natural pool. After a good drive, you will have two options: playing safely to the left to avoid the second pond or hitting

a challenging and exciting second shot to the biggest receptive green of the golf course.

Hole 10 Banyan

409 yards/374 metres Par 4
The start of the back nine requires a good tee shot to land safely on this right-to-left dogleg. You will be left with a true approach shot to the sloping green, which entices backspin.

Hole 11 Round the Bend

618 yards/565 metres Par 5
The long eleventh plays towards the sea with views of the mountains on the mainland. Play a safe tee shot to this right-angled dogleg. Then, you will be left with a comfortable second shot towards a large fairway. You will play your third shot with full confidence to a very large green, our signature hole!

Hole 12 Cat and Mouse

457 yards/418 metres Par 4
With the dogleg left falling away to the beach surrounded by sand, the view of the Cat and Mouse Mountain in the second shot is truly memorable. But focus on golf and come away with a birdie.

Hole 13 Rock Ledge

188 yards/172 metres Par 3
The tee is near the beach and the wind will normally be coming from the right. The green is tucked between rock ledges left and right and just over a tidal pool.

Hole 14 Be Right

337 yards/308 metres Par 4
The truly courageous player can have a go at this par 4 green from the tee. A smarter play may be a lay-up to a level fairway lie. You will be left with a 60 to 80-metre shot to a long narrow green, a good chance of birdie on this hole.

Hole 15 Razorback

183 yards/167 metres Par 3
A narrow ridge-running par 3 with the prevailing wind from the left. Keep the tee shot low towards this generous green, which enlarges at the back.

Hole 16 Reach Me if You Can

369 yards/337 metres Par 4
The different tees are stretched out along a ridge, dramatically changing the angle of play, from carry-over groves and the sharp dogleg to a straight tee shot. The huge fairway will entice long hitters to reach the green. You will be left with a short approach shot for a birdie.

Hole 17 Treetops

378 yards/346 metres Par 4
The challenging tee shot must carry a mangrove bay. With a good drive, you will be left with a short approach shot to a generous green offering a panoramic view on the Indian Ocean.

Hole 18 Back to the Boat

390 yards/355 metres Par 4
The mangroves must be carried on the tee shot of this dogleg left. Then, a short approach to a spectacular and generous green should offer you a last birdie.

Hole 18 Ultimate Challenge

(Optional Tournament 18th Green)
410 yards/382 metres Par 4
The mangroves must be carried on the tee shot and again on the approach. The green offers a huge, three-level target. A par on this hole gives a true sense of accomplishment.
