

Allow nature's hands to restore your balance, with the powers of the ocean and local Maldivian ingredients healing and nourishing your skin and soul. Our high touch treatments are every bit the relaxing spa escape. Most people associate coconut, mango, and papaya with tropical vacations and these, together with honey, lemon basil, and mint, form key ingredients for the locally inspired treatment journey, while the sounds of the oceanic drum and Koshi chimes shake and reset your energy levels. Instant results to overcome jet lag and dive in straight away can be found in the Biohacking Lounge. Tools include compression therapy, vibrational pain relief, rejuvenating face mask and more. We say Dive - Hack - Gym repeat for the best results during your stay.

Our treatment journeys start with a little extra "me time" when you use the male or female heat experience journey. The mixture of hot and cold-water pools are the ideal pre-treatment and mind and body soother to get back out and enjoy precious "we time" with your favorite people in this gorgeous Indian Ocean hideaway.
