TRANSFERS FROM KRABI INTERNATIONAL AIRPORT TO THE RESORT

We offer complimentary roundtrip transfer (all year round) to and from Krabi Airport (or on Lanta island).

For this, we highly recommend you to book a flight that lands at Krabi Airport by 4.00pm.

For safety reason, we will only operate car transfer from Krabi Airport to Pimalai for guests who arrive Krabi Airport after 4.00pm.

Please look for our Airport Representative who will hold a PIMALAI signboard. He is located just after the luggage collection area and will assist you with your transfer.

Complimentary transportation from Krabi Airport is a journey of approximately 2 hours - or less - on shared minivan and shared speedboat operated by the resort, for its guests exclusively.

Should a private limousine car is required for the road journey from Krabi Airport (or Phuket Airport) to Pimalai Jetty, where to board Pimalai boat, a surcharge will apply.

OUR DAILY COMPLIMENTARY BOAT TRANSFER SCHEDULE (Approximate Time)

Departing Mainland to Resort	09:00	11:00	12:45	14:45	16:15	17:30
Departing Resort to Mainland	06:30	08:00	10:00	Noon	14:00	16:00

Please ensure to reconfirm your arrival details with our reservation so your journey to Pimalai will be arranged in the most effective way.

Other guests may arrive from different places and by different means, and we coordinate all guests to arrive at Pimalai Jetty as close as possible to the boat scheduled departure. There may be a small waiting time at the jetty for the boat departure, but rarely more than 30 minutes.

During daytime, and on rare occasions, we may have to cancel the boat trip at any time if it is determined that there are adverse weather or sea conditions, or exceptional circumstances. We will then take a different route to get you to the resort. We may also use the public ferry facility (20 minutes crossing time) and then drive for about 40 minutes right to the resort. In those special circumstances the transfer may then take an additional 15 - 20 minutes travelling time.

Very unfortunately & essentially for safety reasons we are not able to operate the resort boat transportation during darkness - mainly from 06:00 pm. to 06:00 am. For a very late arrival, you should know that WE CAN ALWAYS get you to the resort as we are able to rent the use of the public ferry even after normal ferry operating times. (the ferry normally stops regular service at 10:00 pm & return back in operation at 06:00am. – please note that a transfer surcharge for hiring the ferry outside the normal operating hours applies for that service and will be added to your room account – that fee is currently 2,000 Baht though may be changed by the ferry operator without prior notice.)
