It's All About the Journey

Embark on a private helicopter expedition to the heart of the Arava Valley to experience the incredible diversity of Israel's landscape, showcasing the individual geography, unique geology, and culture from a new perspective. Your Six Senses GEM (Guest Experience Maker) will meet you upon arrival and accompany you to your suite.

Option 1

Non-Stop Tel Aviv to Shaharut- 1 hour 20 min.

Rise above Tel Aviv's coastline and begin your journey to the desert. With captivating views over the Old City of Jaffa, one of the world's oldest port cities dating back to the Early Bronze Age, experience the changing topography as the flight route continues above Be'er Sheva, Dimona, and Mitzpe Ramon.

Jaffa is possibly the world's oldest port city, inhabited in the Early Bronze Age and it is mentioned four times in the Hebrew Bible. It was where King Solomon's ally, Phoenician King Hiram of Tyre, landed cedars of Lebanon for the construction of Solomon's temple, and where the Prophet Jonah embarked on his fabulous adventure with the whale. This is also where St. Peter was visited by the angel Gabriel as he slept on the roof of Simon the Tanner's house. Christian and Jewish pilgrims came through Jaffa for generations and as did Napoleon in 1799.

The Old City of Jerusalem, with its glorious history in the towering stonewalls and ancient buildings, is a beacon for interfaith co-existence through consideration of history, religion, archeology, and collective hope. Option 3

Tel Aviv to Shoharut via the Dead Sea & Masada- 4 hours

We will ascend Masada, Herod's spectacular hilltop fortress. The remains of the fortress of Masada are well preserved and, in many cases, have been reconstructed. The most impressive structure on Masada is King Herod's northern palace, built on three rock terraces overlooking the gorge below. The story of Masada is the story of the Jewish rebels who escaped war torn Jerusalem and found refuge on the mountain. From the hilltop one can see the Roman army bases and imagine how Flavius Silva, the Roman general, organized and planned the siege that would eventually bring the defenders to their final stand.

At over 12,000 feet below sea level and surrounded by the scenic mountains of Moab and the Judean mountains, the Dead Sea is a true oasis of beauty, tranquility, health, and serenity making it one of the most unique places on earth. Spend time floating and soaking in the miraculous waters of the Dead Sea before heading down to the desert.
