ENJOY AS PART OF YOUR STAY OR BEFORE YOUR TREATMENT

The many healing benefits of water and heat therapies have been practiced for centuries to warm the body up before cooling it down. This practice reduces muscle tension, relieves pain and stress, boosts the immune system and encourages detoxification. In Roman times the bath house was also a place to meet and connect with people. Fast forward to today's Six Senses spa experiences, which provide an alternative, yet therapeutic, way to ease muscle aches and boost overall well-being. What's more, the muscles will be relaxed and the mind calmer, creating optimum conditions for achieving the best results and truly enjoying your treatments.

Sauna

Allow the dry deep heat to relax your muscles and cleanse your skin. 80 degrees C

Steam room
