

## Saint & Sinner Beverage Selection

At Six Senses, we're all about reconnecting and reinvigorating your senses through meaningful experiences, and our signature drinks are no exception to this ethos.

Through our brand value of "Local Sensitivity and Global Sensibility" we are part of the local fabric and culture, yet in tune with the wider world. This inspired our bar team to dive into a new project, crafting a #SimplySixSenses take on classic cocktails. The team has reinvented traditional and popular drinks with more locally and sustainably sourced ingredients, whilst staying true to the cocktail's DNA.

Throughout this menu, you will notice many tropical ingredients. We are proud to let you know that all of our fruit and herbs are locally and regionally sourced, where possible, and often even grown on the island to ensure maximum freshness and flavors. Juices are also freshly pressed, and herbs are picked daily.

Should you be looking for a cocktail that is not on our menu, our bartenders will be more than happy to shake you something special with the selections of spirits available.

Enjoy every sip and welcome to the Sunny Side of Life!  
Cheers!
