BOULODROME - PETANQUE

Pétanque (French pronunciation: [petäk]) is a form of boules where the goal is to toss or roll steel balls as close as possible to a small wooden ball called a cochonnet (literally "piglet") while standing inside a circle with both feet on the ground.

What makes it so appealing is that you can be way ahead for a while, yet lose a second later, or vice versa.

Similar to British lawn bowling or Italian bocce, the French version is traditionally played with metallic balls on a dirt surface beneath trees, with a glass of Pastis at hand.
